

FIBRAIN

FIBRAIN SP. Z O.O.

ISO 14001:2004

Issue 2

Detailed scope

Production optical fiber systems elements and structured cabling, distribution of telecommunication and power energy supply solutions. Production of optical fiber cables, optical fiber systems elements and structured cabling. Design, manufacturing, mounting fiber optic elements and structured cabling. Design, manufacturing of plastic products. Activity of laboratory-research-manufacturing fiber optic technologies and active device.

Additional facilities

FIBRAIN Sp. z o. o.
Rogoźnica 312, 36-060 Głogów Małopolski

Detailed scope

Production optical fiber systems elements and structured cabling, distribution of telecommunication and power energy supply solutions.

FIBRAIN Sp. z o. o.
Jasionka 955, 36-002 Jasionka

Detailed scope

Production of optical fiber cables, optical fiber systems elements and structured cabling.

FIBRAIN Sp. z o. o.
Zaczerwie 190F, 36-062 Trzebowniko

Detailed scope

Design, manufacturing, mounting fiber optic elements and structured cabling. Design, manufacturing of plastic products. Activity of laboratory-research-manufacturing fiber optic technologies and active device.
